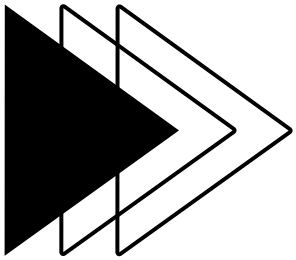
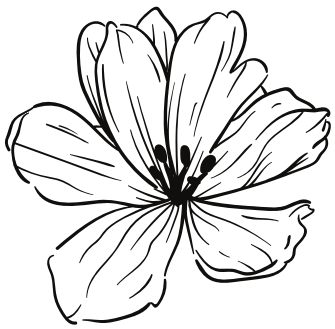
Using your Planner

I'm a writer and a friend gave me a wonderful planner to help me organise my writing - yet it didn't quite fit my needs.
So I decided to create my own and share it with others who write too.



We have created spaces for you to brainstorm and plan

There are also places to diarise and create action lists



So let's start !

What do you want to achieve by the end of the year?

.....

.....

.....

What will it look like for you?

.....

.....

.....

BE BRAVE

What project's will you create?

Project 1

Looks like

.....

Milestone 1 look like- achieved by (date)

....

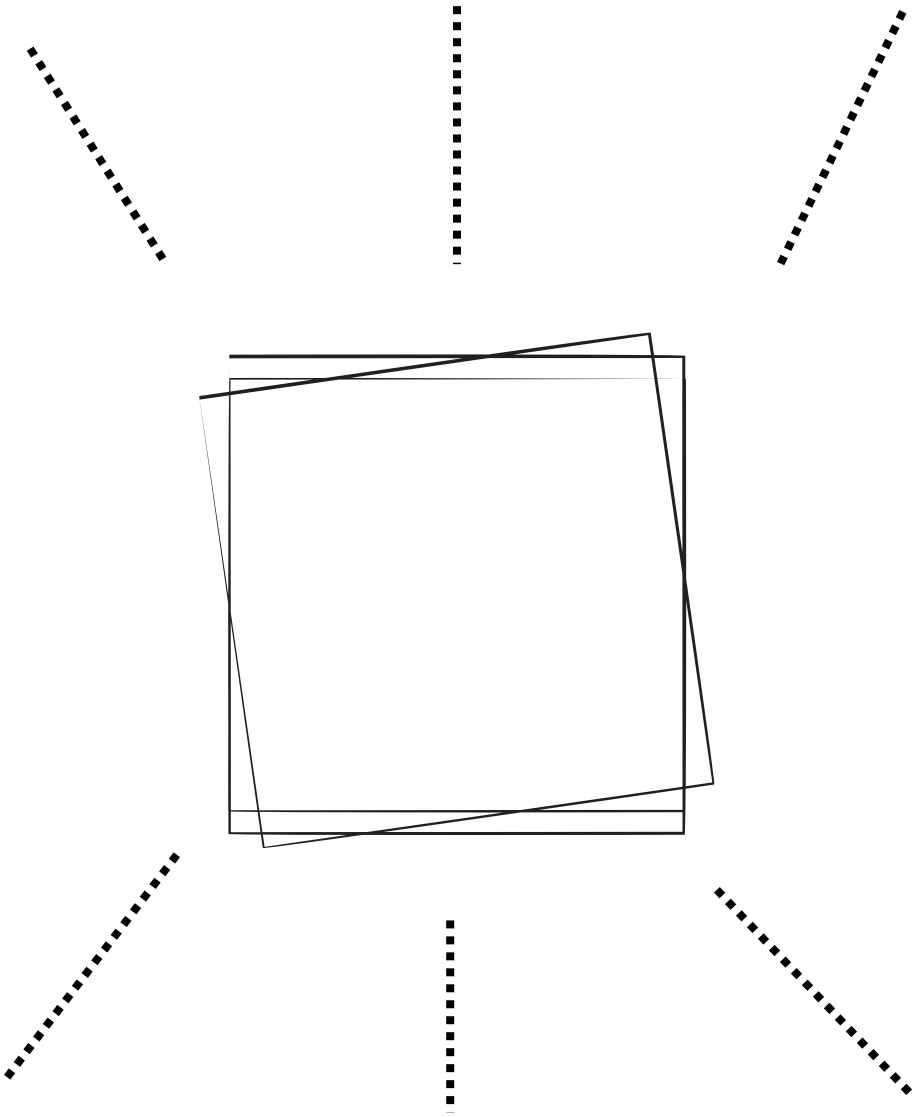
Milestone 2 look like- achieved by (date)

....

Completed by (date) .....

It's important to set goals for your projects.
Focus on what you want to achieve.
Break them down into chunks of time and effort.

Brainstorm



Use each point to brainstorm
your plan of action

Saltwater

Soothing, supporting
Steady sounds
Luring you into a web
Of blue and creamy swirls.
You wander in,
You're captured.
Helpless to resist,
Heart starting, invigorating
You succumb to its sting.
Floating, wandering,
Mind numbing,
Senses reacting,
Sun burning.
Leaving
Saltwater.

Footprints in the rocks

I walked today
On the rock platform
Close to my home.
I'd never noticed it's beauty before.
Though I see people walking
Each day
From the window of my home
I never noticed.
And as I wandered over the hard uneven surface of this ancient being
It was as though I saw for the first time
It's soul
It's beauty, I took notice
Of what I saw
And realised
That carved deep into its surface
There were footprints
As though they were leading me
Along a path
To the ocean
Telling me-begging - to hear its voice
It's cry
It's pain.
I walked this path
And sat listening
Feeling a window
Into my own soul
And as I sat
I realised
That it's cries
We're asking for healing too.

I'M DREAMING OF A

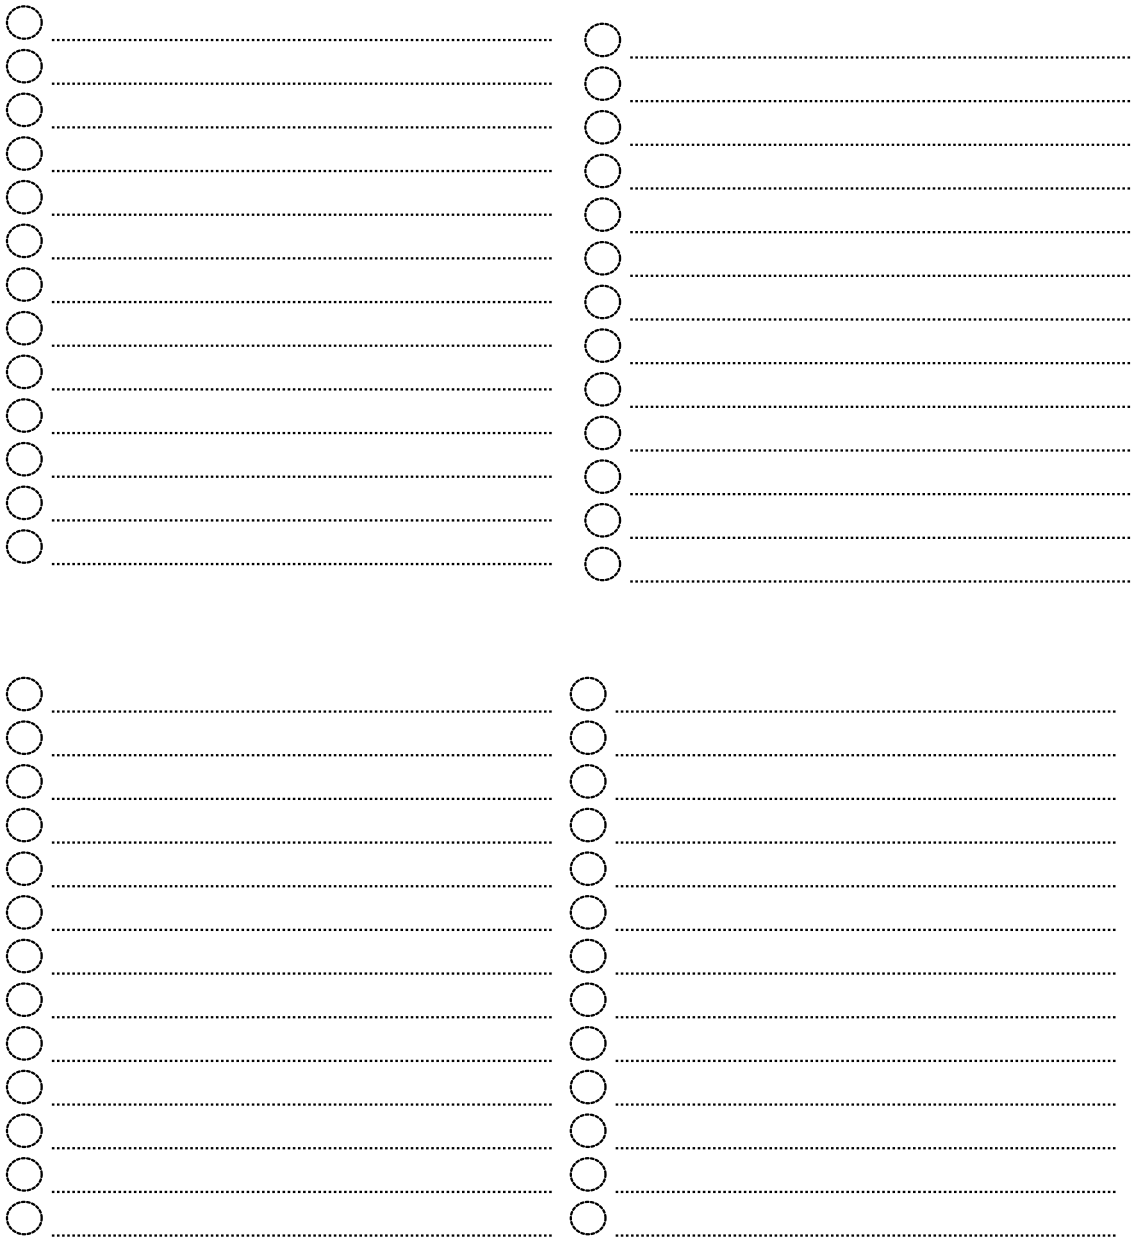
New book

BE WHO YOU WANT TO BE

NOT WHO OTHERS WANT YOU TO BE

Enjoy the little things

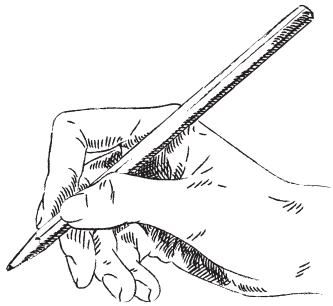
Because one day they will be big things



BE
BRAVE

I stepped cautiously
Slowly
Watching each step carefully
Making sure my foot took hold.
And as I watched
Where I placed my toes,
I felt
The pull of the earth
Drawing me closer.
It was as though it were asking me
To stay
And listen
To what it needed to tell me.
It was drawing me
Closer to a conversation
One about pain.
It seemed to say
Feel me
Heal me
I am dying
Listen to me
Watch over me.
And as I waited a while
to listen to the earth
and what it was telling me;
Drawing its feeling
Deep into my senses
my soul
my heart,
I listened.
I felt.
I took note.
But how can I make a difference? I asked
And I heard the earth reply;
Through your words
Spread them
Like the roots of the tree
Wide
Throughout the earth.
Help others to hear my pain
and know my suffering.
Let them feel my hurt
through you.
Only then-will we all heal.

Let's connect



Life is about connections
You never know where they are
Before you know you find friends
On the page or in the car
Cause writing connects you to readers
Wherever they may be
So why not find another writer
Cause you never you know where it will lead
